ABOUT ME

Junior Frontend Developer with hands-on experience building responsive, user-friendly web applications using React, Next.js, and TypeScript. Skilled in modern state management (Redux Toolkit, Zustand, React Query, Context API), UI libraries (Ant Design, Material UI, ShadCN), and styling with Tailwind CSS and Bootstrap. Around one year of practical experience using AI-assisted development tools — Claude Code, Google Antigravity, and Cursor — to ship features faster and keep codebases clean and scalable. A reliable team player with strong problem-solving skills and a genuine drive to learn new technologies.

TECHNICAL SKILLS

Languages: HTML5, CSS3, JavaScript (ES5, ES6+), TypeScript
Frameworks & Libraries: React, Next.js (App Router)
Styling & UI: Tailwind CSS, Bootstrap 4/5, SASS/SCSS, Ant Design, Material UI, ShadCN
State & Data: Redux Toolkit, Zustand, React Context API, React Query, Axios (REST API integration)
Version Control: Git, GitHub
AI-Assisted Coding (~1 yr): Claude Code, Google Antigravity, Cursor, GitHub Copilot

EXPERIENCE

Frontend Developer — Self-employed May 2025 – Mar 2026

- Developed frontend for ERP and CRM systems using **React** and **Tailwind CSS**.
- Built responsive dashboards with **Ant Design** for an improved user experience.
- Implemented state management solutions and handled API integrations using **Axios**.
- Collaborated with the backend team to ensure seamless frontend–backend integration.

Frontend Developer — [Mega IELTS Exam Platform](#) Feb 2026 – Present

- Building a full IELTS exam platform frontend from scratch using **Next.js** (App Router), with scalable, SEO-friendly pages.
- Implementing reusable UI components within a structured project architecture.
- Designing interactive exam interfaces for reading, listening, and practice tests, with integrated APIs and optimized performance.

Frontend Developer — [Kremslivki \(E-commerce Platform\)](#) Apr 2026 – Jul 2026

- Built a comprehensive e-commerce platform for a confectionery store from scratch using **Next.js** and **TypeScript**.
- Developed a responsive UI with **Tailwind CSS**, including dynamic micro-animations for an enhanced shopping experience.
- Implemented internationalization (i18n) to support Uzbek, Russian, and English.
- Built a secure admin panel for managing orders, delivery fees, banners, and user details.
- Optimized SEO/performance via Next.js metadata and integrated real-time pricing, advanced cart logic, and client-side image compression.

EDUCATION

Bachelor of Software Development — IT Park University, Tashkent 2026 – Present (Expected 2030)

Pursuing core computer science and web-development foundations alongside hands-on project experience.

Frontend Development Course — Najot Ta'lim, Samarkand 2024 – 2025

Intensive frontend program covering HTML, CSS, SASS/SCSS, Bootstrap, Tailwind CSS, JavaScript, TypeScript, React, and Next.js, with hands-on state management (Context API, Redux Toolkit, Zustand), UI libraries (Ant Design, Material UI, ShadCN), and Git version control.

SOFT SKILLS & LANGUAGES

Project Management • Prompt Engineering • Public Relations • Teamwork • Time Management • Leadership • Effective Communication • Critical Thinking • Using AI Coding Agents

Uzbek — Native
English — B2+ (IELTS 6.0)
